Letter from the President

Dear Colleagues,

Two years ago, we had no idea that we were living the final few weeks of our “normal” life. Covid arrived in OKC, the Thunder game was cancelled, and nothing has seemed settled since. We have endured things we never imagined would happen. Every time things calmed down and we got somewhat comfortable, another surge appeared and pushed us back into survival mode.

We learned a lot about ourselves and others during this pandemic. Some of it good and some of it not very positive. But as Alexander Pope wrote in 1742 “Hope springs eternal”. It is human nature to keep on hoping against all odds. We have the ability to adapt and survive. We see this human perseverance and hope played out every day in our profession as healthcare professionals. Our patients press on against the toughest of odds. The Ukrainians fight for freedom despite being greatly outmanned. Our professional caregivers kept showing up at work despite difficult circumstances.

We have all felt uncomfortable at some point in the past 2 years. Nothing feels right and everything seems to be out of sorts. Huge amounts of change have made many question what they are doing and if they want to continue to work in healthcare. It is our duty to keep being hopeful and get this train back on the track and moving forward.

It will take intentional action to get us back to a sense of normalcy. However, it will likely be a ‘new’ normal. Nothing I have read, studied, or listened to makes me think we are going back the “old” normal. We were on a pathway to value-based care before covid and I think it will be accelerated as we exit the pandemic. We will have to be organized and work together to be successful. IHP is organizing itself to move forward with success. There has been extensive work to develop support for IHP practitioners

INTEGRIS Health Partners

NEWSLETTER

and patients. INTEGRIS has invested in a Population Health Service Organization that will provide all of us organized care management, better data analytics and better education regarding our objectives and healthcare delivery. There are many new things to learn and understand.

Hope is not a strategy. It is the fuel to move us forward. I ask you to approach our future with an open mind. Too much has happened and too much has changed in the past two years for us to return to “the good old days”. We are trained scientists and problem solvers. Resisting change just because it is uncomfortable and difficult is counterproductive. Let’s use our skills to get to a place that feels normal again. Patients getting great care and physicians providing great leadership is that place. Our patients deserve nothing less than our full commitment to improve their health. I hope you will all join in this return to normalcy.

Sincerely,
Carl Raczkowski, M.D.
President, INTEGRIS Health Partners

Update Your INTEGRIS Health Partners Profile

Our INTEGRIS Health Partners team has been hard at work updating the IHP Provider Roster and Directory. In an effort to ensure accuracy, we ask that you take time to fill out this short 10 minute survey to update your information: [INTEGRIS Health Partners Profile Update Form](#).

This will be used to update our IHP Provider Roster and Directory, as well as your INTEGRIS Health website provider profile.

Please reach out to Angela.Hill@Integrisk.com or Bailey.Thompson@Integrisk.com with any questions you have regarding this form.

Coding & Documentation Improvement (CDI) Training: Metric Requirement for all IHP Physicians

INTEGRIS Health Partners

NEWSLETTER

Through our partners with Lumeris, INTEGRIS Health Partners providers will have access to CMS-HCC Risk Adjustment Education sessions to assist in completion of our 2022 IHP Metric requirements.

Live sessions through the Provider Engagement Education Program (PEEP) were released for registration at the February 2022 IHP Summit. Dates and registration information for live sessions can be viewed here: [Education | INTEGRIS Health \(integrisk.com\)](https://www.integrisk.com/education)

There will also be an Absorb “on-demand” platform to allow providers to view sessions on their own pace. This platform is currently being tested and will be rolled out in the near future.

We are aware of technical issues when accessing the PEEP live sessions and Absorb “on-demand” platform and are actively working to resolve the issue.

We are in the process of modifying our 2022 IHP Metric requirements surrounding CDI training to allow for these issues to be resolved without impacting providers’ opportunities for shared savings reimbursement. More communication will follow once this change has been approved by the Board.

Arcadia Trails INTEGRIS Offers Full Continuum of Care Effective Feb. 14, 2022

Beginning Feb. 14, 2022, Arcadia Trails INTEGRIS Health will offer outpatient substance use treatment services in addition to its already existing residential-inpatient services. The new outpatient services include a Partial Hospitalization Program (PHP) and an Intensive Outpatient Program (IOP). PHP offers 16 hours of day treatment throughout the week. The Intensive Outpatient Program provides 9 hours of treatment per week. In both these programs, the patient does not reside at the treatment facility. With both PHP and IOP programs in place, Arcadia Trails INTEGRIS Health provides a full continuum of care to its patients, helping them maintain their recovery journey from substance use disorder and meeting their specific individual needs. Both the PHP program and the IOP program are covered by insurance. For more information on any of these programs, contact us at 405-216-2500.

INTEGRIS Sotrovimab & Outpatient Remdesivir EUA Order Sheet

INTEGRIS Health Partners

NEWSLETTER

Due to the widespread Omicron variant in Oklahoma, INTEGRIS is stopping treating with Regeneron. INTEGRIS is using Sotrovimab if supply is available and, if not, the system will use Remdesivir which is a 3-day course in the outpatient setting. You can access this form here: [Forms | INTEGRIS Health \(integrisk.com\)](#)

Epic Care Link

INTEGRIS Health has partnered with Epic to offer the EpicCare Link to our independent providers in IHP. The EpicCare Link system offers free, read-only access to INTEGRIS medical records allowing community providers access to review patient's charts creating a more transparent flow of information between physicians.

IHP providers interested in using the INTEGRIS EpicCare Link system can request access by going to https://epiccarelink.integrisk.com/EpicCareLink/common/epic_login.asp and clicking on Request New Account.

If you have trouble registering for an account, please contact the INTEGRIS IT Help Desk at 405-949-4086 or Toll Free at 866-609-4357.

INTEGRIS Epic Connect

INTEGRIS Health values our health care partners and needs your support to provide an integrated experience of care for our patients. As a result, we offer INTEGRIS Health Connect to affiliated independent physicians and community hospitals for the purpose of improving clinical outcomes, the quality and experience of patient care, and communication among providers across care settings.

INTEGRIS Health Connect is a program to efficiently and affordably link providers, patients and facilities. Through Connect providers gain access to over 2 million individual patients across Oklahoma. As our patients access care from providers and facilities using Epic and Connect, these shared patients will virtually carry their records with them. Accessing this single record for each communal patient saves valuable time in the private office while also providing a community aligned patient record.

INTEGRIS Health Partners

NEWSLETTER

INTEGRIS Health Connect enhances coordination of care among physicians throughout our region and improves access to essential patient information for every provider joining the platform.

Those interested in learning more about the INTEGRIS Health Connect system can fill out an inquiry form at the following: [INTEGRIS Health Connect Inquiry Form | INTEGRIS Health \(integrisok.com\)](#).

Shared Savings and Metric Completion

2021 Shared Savings Timeline

- **March 31, 2022** - 2021 claims close
- **April – June, 2022** - final costs and savings to the network will be evaluated and audited by internal and external experts
- **July 2022** - savings, if any, will be announced
- **August – September 2022** - shared savings distributed for those who qualify for participation; by check for independent physicians and through payroll for employed physicians

2022 Metrics & Completion List

Please review the 2022 clinical and operational metrics and completion list, available for you to view anytime at [Metrics | INTEGRIS Health \(integrisok.com\)](#).

Note: The metrics sheet is updated every Friday afternoon. If you complete a metric, please wait until the following week to check that it has been updated.

February 2022 IHP Summit

Thank you to those who attended the February IHP Summit! We enjoyed having the opportunity to come together and provide important updates to our network providers. If you were unable to attend in person, the event was filmed and is available to view on our IHP website: [February 2022 Summit | INTEGRIS Health \(integrisok.com\)](#). This video will count towards the 2022 metric requirements.

We hope to see you all at our next IHP Summit on Tuesday, April 26, 2022!

CDI Training

CDI training has been a requirement for specialty providers in the past. However, beginning in 2022, we have added it as a metric requirement for all IHP physicians. You

INTEGRIS Health Partners

NEWSLETTER

can access information regarding CDI Training through our IHP website: [Education | INTEGRIS Health \(integrisk.com\)](https://www.integrisk.com/education)

We are aware of technical issues when accessing the PEEP live sessions and Absorb “on-demand” platform and are actively working to resolve the issue.

We are in the process of modifying our 2022 IHP Metric requirements surrounding CDI training to allow for these issues to be resolved without impacting physicians’ opportunities for shared savings reimbursement. More communication will follow once this change has been approved by the Board.

Upcoming Dates

Please mark your calendars for these upcoming important dates and educational events.

April 26, 2022

- INTEGRIS Health Partners Summit
 Location: Will Rogers Theatre
 4322 N. Western Ave, Oklahoma City, OK 73118
 Time: 5:30 PM – 8:00 PM
 *We will have a photographer on site to take photos for your INTEGRIS Health website profile.

May 31, 2022

- Must update practice information to have updated information included in 2022 IHP Provider Directory
