## Letter from the President

Dear Colleagues,

When IHP started in 2012, we introduced a value proposition of patient-centered healthcare delivery to INTEGRIS Health. We brought together independent and employed physicians, the hospitals and various community assets to pursue a value-based goal. The fundamental purpose of IHP is to deliver high-quality, patient-centered care with great patient experience and economic sustainability. This requires continued coordinated cooperation of all phases of the delivery system.

Many have asked recently "**What is IHP?**" Please watch this video to learn more about what we do and why we do it.

Sincerely,

Carl Raczkowski, M.D.  
President, INTEGRIS Health Partners

## Payer Contract Negotiations

To better support your awareness of upcoming payer contract negotiations, the payer strategy team will provide regular updates on contract terminations with critical stakeholders.

Going forward, when we are 30 – 45 days from a contract termination, we will begin communicating with patients and providers.

Here are some important contract dates over the next several months:

Payor	Contract Term Date
Aetna	September 30, 2023
United Healthcare	December 6, 2023

Click [here](#) for talking points to help you answer questions on the status of the Aetna contract negotiations.

## **Coding Tip of the Month:**

### **What is Risk Adjustment?**

Risk Adjustment is a statistical methodology made up by a patient's demographics (age, gender, Medicaid, or disability status, etc.) and disease burden (certain chronic conditions, including disease interaction and number of certain co-existing conditions) used to determine a score called a Risk Adjustment Factor (RAF) which is used to predict a members cost of care each year.

**Once a year, Assess and Document all active chronic conditions, even those not commonly documented.**

#### **COATS: (Not an all-inclusive list of chronic conditions)**

Chronic Dx: CHF, Angina, Sequela of Stroke/CVA, Vascular Dz

Openings: Colostomy Z93.3 / Gastrostomy Z93.1/ Ileostomy Z93.2

Amputations: limbs/digits Z89

Transplants: heart, liver, lung, stem cell Z94

Status: dialysis, long-term drugs, Insulin use

### **Validating reported conditions require:**

- Diagnosis – all active conditions using the most specific Diagnosis Code to describe your patient's condition.
- Status of condition – what is the condition doing today?
- Plan – what is the treatment plan for the active condition?

### **Documentation example coding to the highest specificity with a status and plan of care:**

I48.0 Paroxysmal Atrial Fibrillation – controlled, continue taking Eliquis as prescribed.

## **Epic Care Link**

INTEGRIS Health has partnered with Epic to offer the EpicCare Link to our independent providers in IHP. The EpicCare Link system offers free, read-only access to INTEGRIS medical records allowing community providers access to review patient's charts creating a more transparent flow of information between physicians.

IHP providers interested in using the INTEGRIS EpicCare Link system can request access by going to [https://epiccarelink.integrisk.com/EpicCareLink/common/epic\\_login.asp](https://epiccarelink.integrisk.com/EpicCareLink/common/epic_login.asp) and clicking on Request New Account.

If you have trouble registering for an account, please contact the INTEGRIS IT Help Desk at 405-949-4086 or Toll Free at 866-609-4357.

## Update Your INTEGRIS Health Partners Profile

Our INTEGRIS Health Partners team has been hard at work updating the IHP Provider Roster and Directory. In an effort to ensure accuracy, we ask that you take time to fill out this short 10-minute survey to update your information: [INTEGRIS Health Partners Profile Update Form](#). This will be used to update our IHP Provider Roster and Directory, as well as your INTEGRIS Health website provider profile.

If you are a new provider or an existing provider and had recent changes to your provider TIN and/or clinic locations and have not already made the change with HealthCare Highways, please visit this link [Providers: Tailored Plans for Patient-Centric Care | Healthcare Highways](#). At the bottom of the page, go to “Update Your Information” and complete the ACT Roster template with updated provider information. This update will ensure provider claims are processed correctly.

Please reach out [Robyn.Burk@integrisk.com](mailto:Robyn.Burk@integrisk.com) with any questions you have regarding these forms.

## Provider Headshots

Calling all headshots! We are in the process of updating all IHP provider headshots on the INTEGRIS Health website. It is important to patients when they are looking for a new doctor to have a visual representation of who they will be going to for their health concerns and continued care.

IHP has collaborated with Marketing to allow providers to make appointments to get headshots taken at the [INTEGRIS Health Corporate Tower](#). Please contact [Lainey.Townsend@integrisk.com](mailto:Lainey.Townsend@integrisk.com) to schedule your appointment. Once completed, the provider will receive a copy of their professional headshot to use for marketing purposes. If you already have a professional headshot, please email it to [INTEGRISHealthPartners@integrisk.com](mailto:INTEGRISHealthPartners@integrisk.com).
